

Notetaking: Sensory Bins

A sensory bin is a container filled with _____ for the purpose of _____

SLPs use sensory bins to easily provide opportunities to practice:

- _____
- _____
- _____
- _____
- _____
- _____

Main items in a sensory bin are:

- _____
- _____
- _____
- _____
- _____

The following ideas for containers:

- _____
- _____
- _____
- _____

TIP: When selecting a container consider options with lids for easy travel and storage.

The following filler ideas:

- _____
- _____
- _____
- _____

TIP: The same filler can easily be repurposed for different sensory bin themes.

I plan to use the following kinds of objects in my sensory bin:

- _____
- _____
- _____
- _____
- _____
- _____

TIP: Check out your local dollar store!

I can make it even more motivating for students using accessories/tools such as:

- _____
- _____
- _____
- _____
- _____
- _____

TIP: Check your pantry and kitchen drawers. Also, consult with your OT!

I plan to add specific therapy items such as:

- _____
- _____
- _____
- _____

TIP: Stay updated with your favorite blogger for therapy ideas.

I plan to teach my students the following rules:

- _____
- _____
- _____
- _____
- _____

TIP: Be mindful of germs, keep hand sanitizer nearby.

Sensory Bin Rules		How am I doing?
	Use hand sanitizer before using sensory bin	<input type="checkbox"/> 😊 <input type="checkbox"/> 😞
	Do not put items in your mouth	<input type="checkbox"/> 😊 <input type="checkbox"/> 😞
	Do not throw or dump out items from the sensory bin	<input type="checkbox"/> 😊 <input type="checkbox"/> 😞
	Wait your turn	<input type="checkbox"/> 😊 <input type="checkbox"/> 😞
	Keep your hands out of your mouth	<input type="checkbox"/> 😊 <input type="checkbox"/> 😞

I will introduce sensory bins into my therapy sessions because
